

# City of Landfall

## Summary of 2020 Census Redistricting Data

Released August 12, 2021

The U.S. Census Bureau has released housing and population counts from the 2020 Census, a complete enumeration of the population as of April 1, 2020. Table 1 provides basic counts of housing units, households, and population for the City of Landfall.

**Table 1: Counts of housing units, households, and population**

	Housing units	Households	Total population	Population in households	Persons per household	Population in group quarters
<b>2020 Census</b>	307	304	843	843	2.77	0
<b>2010 Census</b>	277	257	663	663	2.58	0
<b>Change, 2010-2020</b>	+30	+47	+180	+180	+0.19	-0-

Please note: To facilitate comparisons over time, all statistics provided here reflect community boundaries as they existed in 2020. For example, if a city annexed part of a township, then both communities' 2010 and 2020 numbers would reflect their 2020 jurisdictional areas. We also corrected published 2020 counts for a small number of communities where the Census Bureau's geographic files were incorrect. For more information, see the materials available at <https://www.metrocouncil.org/census2020>.

### ***Race and Hispanic/Latino origin***

Table 2 describes Landfall's population by race and Hispanic/Latino origin. BIPOC residents (Black / Indigenous / people of color) are 62.8% of Landfall's total population, compared with 31.2% for the seven-county Twin Cities region as a whole.

**Table 2: Race and Hispanic/Latino origin, 2010 and 2020**

Group*	2010 Census		2020 Census		Change, 2010 to 2020

## Race and Hispanic/Latino origin by age

As many have noted, the population under age 18 highlights how our future population will be increasingly diverse. Table 3 provides the same breakdown by race and Hispanic/Latino origin of Landfall’s population under age 18 and age 18+.

**Table 3: Race and Hispanic/Latino origin by age**

Group*	Under age 18		Age 18+	
	Number	Percent	Number	Percent
<b>Total population</b>	249	100.0%	594	100.0%
<b>White, non-Latino</b>	38	15.3%	276	46.5%
<b>All BIPOC residents (Black / Indigenous / People of color)</b>	211	84.7%	318	53.5%
<b>Black or African American, non-Latino</b>	2	0.8%	6	1.0%
<b>Asian or Pacific Islander, non-Latino</b>	8	3.2%	37	6.2%
<b>Hispanic or Latino</b>	177	71.1%	250	42.1%
<b>American Indian or Alaska Native, non-Latino</b>	0	0.0%	11	1.9%
<b>Other race not listed above, non-Latino</b>	0	0.0%	3	0.5%
<b>More than one race, non-Latino</b>	24	9.6%	11	1.9%

### About the data

- The above tables contain the official terms for race groups as defined by the U.S. Office of Management and Budget. We use these for consistency with the data as reported by the Census Bureau while emphasizing the following:
  - Each of the groups has considerable diversity within it. For example, the Black population includes both descendants of enslaved people and recent African immigrants, while the Asian population includes Asian Indian, Chinese, Hmong, and Vietnamese residents along with many other groups. Many people prefer to be called by those more specific cultural community names rather than the federal government’s broad labels. The redistricting dataset does not allow for distinctions among communities within these race groups; please see the Council’s Equity Considerations dataset (<https://metro council.org/Data-and-Maps/Research-and-Data/Place-based-Equity-Research.aspx>) for more information.
  - Many people prefer different language for these broad labels. For example, in place of “Latino,” some use “Latino/a,” “Chicano/a,” or gender-neutral alternatives like “Latinx” or “Latine.” And in place of “American Indian,” some use “Native American” or “Indigenous.”
- Several factors may complicate the comparison of 2010 and 2020 race data; you can find an overview at <https://www.census.gov/newsroom/blogs/random-samplings.html>.
- This data release contains only the numbers needed for redrawing legislative districts. Additional data, like household type and full age breakdowns, will be released later.

For additional information, please see our interactive maps and charts, available at <https://metrotransitm n.shinyapps.io/census-2020>. This application provides data for all cities and townships in 1990, 2000, 2010, and 2020. You can access additional detail on people who identify more than one race and examine trends for areas *within* communities (census tracts and block groups).
